

Kith and Kids Summer Project 2006

On Monday the 24th of July the Kith and Kids Summer Project 2006 started. it was based in Tottenham at Northumberland Park School right next door to the Spurs football ground.

I was in the Adult Advocacy group with Kola with 8 members including my self. Two members were'nt on the project because they couldn't come. The members that were there was:

James - known as King James by Kola

Mark

Ben

John

Anthony - who is John's brother

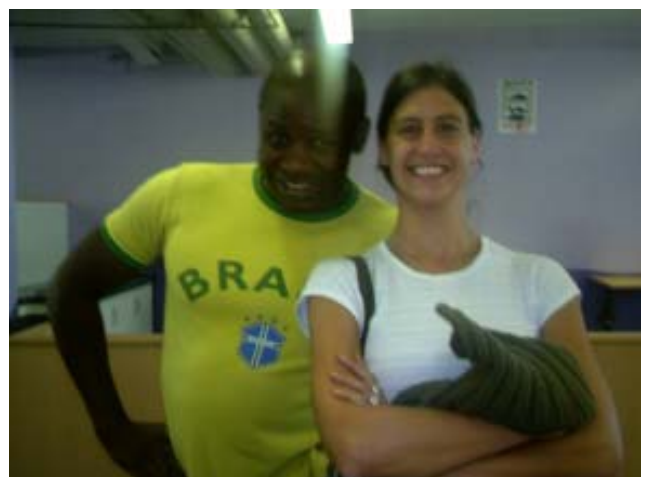

Stephen

Louis

Richie

*The members who were not in
Martin and Alistair*

*We also have Vicki who is
helping Kola and who is nice and good.*

We also have volunteers who give up their time and who are good to support the members.

We have a mixture of young and old volunteer's men and women.

I got two women volunteers Jane and Ros who are both nice and who I like a lot. They are both good as well.

We've done some good things on the project and I've enjoyed it a lot. Some of the things we have done is sensory room, swimming, day trips to City Hall where Ken Livingstone works, music and massage.

I don't like project ending because it is difficult and hard and I've had a good time and don't like saying good byes.
